

SAFETY TIPS

Bike driving

- Drive in the same direction as the cars
- Use the exclusive lane or the extreme right
- Preferably use a reflective vest and invariably a helmet.
- Some vehicles and pedestrians do not respect the cycle lane, take your precautions and avoid confrontation. Pay special attention when you drive near cargo trucks and public transport as they have blind spots for the driver.
- Do not use headphones, they do not allow you to be aware of your surroundings.
- Plan your route and if possible, travel accompanied.

SAFETY TIPS

In your vehicle

- Windows closed, locks on, wear a safety belt at all times.
- Do not leave valuables in plain sight.
- If you have a flat tire, slow down but do not stop until you locate a crowded area.
- Do not use your cell phone while driving.
- Pay special attention at traffic lights with vendors and window cleaners.
- Keep an appropriate distance from the car in front so you can move out of position if necessary.
